

HAZARDOUS SUBSTANCES RISK ASSESSMENT

Designer Contracts Ltd

Unit 8, Church View, Coney Green, Chesterfield, S45 9HA

CPL - Styccobond F49 Base Part A	Date of Assessment : 10/12/2024	Reference : CPL - Styccobond F49 Base Part A
Risk Assessor : Laura Cross	Risk Assessor :	
Other People Involved in Making This Assessment : Antony Maidens		

R or H Descriptors:	S or P Descriptors:
H315 Causes skin irritation H317 May cause an allergic skin reaction H319 Causes serious eye irritation	P264 Wash ... thoroughly after handling P280 Wear protective gloves/protective clothing/eye protection/face protection P313 Get medical advice/attention P302+352 IF ON SKIN; Wash with soap and water P305+351+338 IF IN EYES; Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing P501 Dispose of contents/container to ...xxxxx
Additional Information P264 Wash contaminated skin thoroughly after handling. P501 Dispose of contents/ container in accordance with national regulations.	
Workspace Exposure Limit (WEL) No WEL stated on Safety Data Sheet	

Primary route(s) of entry : Absorption, Ingestion, Inhalation	
This is a Group C Substance.	The quantity used per batch or work period is: Medium (1-1000kg or 1-1000L)
The Substance is a Liquid of Low volatility	
Engineering Controls is the control measure appropriate to control the health risks from the use of this substance. Health Surveillance is not required.	

Existing Control Measures
1. First aid measures Ingestion Do not induce vomiting, but if it does happen keep the head down to avoid aspiration. Keep the person affected at rest. Rinse out the mouth and throat, as they may have been affected during ingestion.

2. Skin contact Wash skin thoroughly with soap and water. Remove contaminated clothing. Get medical attention if irritation persists after washing.
3. Eye contact Rinse immediately with plenty of water. Do not allow the person affected to rub or close their eyes. If the injured person uses contact lenses, these should be removed unless they are stuck to the eyes, in which case this could cause further damage.
4. Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire
5. Personal precautions Wear protective gloves, eye and face protection.
6. Environmental precautions It is recommended to avoid environmental spillage of both the product and its container.
7. Methods for cleaning up Absorb the spillage using sand or inert absorbent and move it to a safe place. Do not absorb in sawdust or other combustible absorbents.
8. Do not eat or drink during the process, washing hands afterwards with suitable cleaning products. Specific storage requirements Minimum Temp.: 5 °C Maximum Temp.: 30 °
9. Advice on general occupational hygiene Wash at the end of each work shift and before eating, smoking and using the toilet.
10. Appropriate engineering controls Provide adequate ventilation.
11. Eye/face protection Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible Panoramic glasses against splash/projections
12. Hand protection Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible.
13. All empty packaging to be returned to regions and disposed of in Drum A
14. Respiratory protection The use of protection equipment will be necessary if a mist forms or if the occupational exposure limits are exceeded.
15. Waste treatment methods: Code Description Waste class 08 04 10 waste adhesives and sealants other than those mentioned in 08 04 09 Non dangerous
